

You have a new **project** and are looking for a **sealing lid** for a container?

Then please send us the following **information**:

- sample of the container or technical drawing (incl. cap)
- container material
- filled product
- planned purchase quantity
- desired finishing (individual embossing or printing)

After **examination** of your inquiry we will send you an **offer** as well as some **free samples** of the recommended sealing lids for first sealing tests.

In our laboratory, we can also carry out **sealing and shelf life tests** for you if you do not have the possibility to do this yourself. We would be pleased to submit you an offer for this.

We accompany you on your way to an **optimal sealing solution** and are thus a component of your successful company and product development. As a system provider, we also have the suitable **sealing machine** for you in our range and will be happy to advise you!

We look forward to becoming **your reliable partner for sealing systems!**
